Brandreth Calendar for 1884.

IN the great cities of Egypt, thousands of years ago, it was the custom to take all the supposed incurable sick people into the market place, and there show them to strangers and travelers from abroad and inquire if they had seen similar cases in their own country, and what remedies they used. In this way many of the sick were cured, and the art of medicine was enriched with valuable recipes.

We have made the BRANDRETH CALENDAR for 1884 a market place where many patients can be found. Instead of asking for remedies, they present them, and say that in BRANDRETH'S PILLS and ALLCOCK'S POROUS PLASTERS are two medicines, which, having cured them of different complaints, will prove effectual in all similar cases.

The BRANDRETH CALENDAR should be in every house. It furnishes examples of cures of almost every disease that can affect humanity. Used and applied according to the directions, they will prove a great blessing and save many doctor's bills. The virtue of a remedy is revealed by its cures. No iteration of self-praise through every newspaper can make a worthless article valuable. The public want other witnesses than interested owners. In the pages of this Calendar will be found our witnesses giving their grateful testimony in favor of ALLCOCK'S POROUS PLASTERS and BRANDRETH'S PILLS, telling the method of their cure, and how they used and applied them. Thus it will impart knowledge to the uninstructed, and will refresh knowledge previously acquired. It should always be in the house that it may be consulted on the instant. Remember, that ALLCOCK'S POROUS PLASTERS contain *no mineral nor hurtful substance* whatever. They can do no harm. They never blister or burn, but strengthen and warm. They will cure the infant's sore throat as quickly as the parent's cough, and make the asthmatic grandsire breathe freely.

In BRANDRETH'S PILLS you have a pure, vegetable purgative, perfectly innocent and harmless, warranted *free from mercury, calomel, antimony, or any poisonous mineral*. They always do good and never injure. They are great blood purifiers and act on the kidneys as a diuretic, on the skin as a sudorific, and on the bowels as a healthful purge. They increase the action of the liver, stimulating a healthy secretion of the bile, and in this way are sovereign remedies for costiveness and dyspepsia.

BRANDRETH'S PILLS.

IN BRANDRETH'S PILLS the most valuable vegetable purgatives of the Ancients and Moderns have been combined, with multiplying power to do good. They never irritate the bowels, though taken every day for a year. They cure costiveness in a very few days. They purify the blood and make it rich and red like the life fluids of the infant. Every skin disease is quickly cured by their purifying power; and taken according to the directions, there is no disease, except that of old age, which will not at once yield to their health-giving virtues. BRANDRETH'S PILLS have been made by one family for over one hundred years, and they are used through all parts of the civilized world. It is wonderful how a few doses will clear the skin of pimples and all impurities, whether yellow from bile or muddy from dissipation. The red and diseased eye becomes, after a course of BRANDRETH'S PILLS, brilliant and liquid with the light of health. They cure chronic diseases by quickening the changes of nature. In the healthy man, the body is renewed completely and made over in a few years. As you purge away the old body, you purge away the disease, and the invigorated digestion soon builds up a new and healthful man. I have seen the worst cases of chronic rheumatism, where men had been confined to the bed for years, completely cured in six weeks by the use of BRANDRETH'S PILLS. Many cures have demonstrated the truth of the above theory, and the consequence is, they are now recommended by thousands of persons whom they have cured of consumption, influenza, colds, indigestion, dyspepsia, headache, and a sense of fullness in the back part of the head, usually the symptoms of apoplexy, jaundice, fever and ague, bilious, scarlet, typhus, yellow and common fevers of all kinds; asthma, gout, rheumatism, nervous diseases, liver complaint, pleurisy, inward weakness, depression of the spirits, ruptures, inflammation, sore eyes, fits, palsy, dropsy, smallpox, measles, croup, cough, whooping cough, quinsy, colic, cholera morbus, gravel, worms, dysentery, deafness, ringing noises in the head, king's evil, scrofula, erysipelas or St. Anthony's fire, salt rheum, white swelling, ulcers (some of thirty years' standing), cancers, tumors, swelled feet and legs, piles, costiveness, all eruptions of the skin, frightful dreams, female complaints of every kind, especially obstructions, relaxations, etc.

BRANDRETH'S PILLS are sold both Plain
and Sugar-Coated.

The Safest and Best Internal Remedy.

It is safe to take BRANDRETH'S PILLS at any time, but to get the best results they should be taken on an empty stomach, going to bed. It is well on the night you take them to eat little or no supper. As no two people are affected precisely the same by a like quantity of the same medicine, it is difficult to determine the dose; and it is something which must be left to the discretion of the patients. We will say, though, the average dose for an adult is from four to ten, according to effect.

For Constipation or Dyspepsia, one or two taken every night will, in a short time, perform an absolute cure. It is well to take a purgative at least once or twice a month as a preventive of disease, and as these Pills are entirely vegetable, and are made with the greatest care, we know them to be the safest and most effective purgative ever introduced to the public. They have been sold in this country for over fifty years, and have in that time attained an unprecedented popularity.

Cure of Rheumatism.

OCEANUS POST OFFICE, ROCKAWAY BEACH, N. Y., March 1st, 1883.

I HAVE been a great sufferer from Rheumatism. Some six weeks ago I had a bad attack and was laid up for a month; nothing appeared to me of any good. I got a box of BRANDRETH'S PILLS at last, and took three and four every night for a week. I got better every day, and in a week I was well. On this beach we have no doctor and our main reliance is on BRANDRETH'S PILLS and ALLCOCK'S POROUS PLASTERS.

Cure of Indigestion.

CANDIA, ROCKINGHAM CO., N. H., Oct. 24th, 1882.

I HAVE been using BRANDRETH'S PILLS for the last three months. I was suffering from Indigestion and Malarial Fever, which appeared extremely obstinate, but BRANDRETH'S PILLS entirely cured me.

Relief from Terrible Suffering.

TARRYTOWN, WESTCHESTER CO., N. Y., May 1st, 1882.

BRANDRETH'S PILLS have relieved me of terrible suffering. Twenty years ago I was taken with a severe attack of Rheumatism; for twelve years I got no relief, finally I concluded to use BRANDRETH'S PILLS, and after taking three boxes I was a well man, not an ache or pain about me. I have had several attacks since, but have been cured in a few days by using the Pills.

Brandreth's Pills the Most Reliable in all Cases.

"Had no Time to be Sick."

262 BROADWAY, NEW YORK, May 14th, 1883.

LAST summer I had a severe Bilious Attack, yellow skin, parched tongue and great lassitude. I had no time to be sick as business pressed me greatly, so instead of calling in a physician I took eight BRANDRETH'S PILLS at night; I was wonderfully better next day and attended to my business as usual; I continued taking them for two nights more and found myself completely restored to vigorous health. I cheerfully recommend BRANDRETH'S PILLS as one of the safest and best remedies ever made. I always keep a few boxes in the house for family and servants, and they are a medicine chest and physician. They should always be taken at night on an empty stomach.

Cure of Vertigo.

ROCKAWAY BEACH, N. Y., May 17th, 1883.

BRANDRETH'S PILLS are the only internal medicine I have used in the last fifteen years. I have never had to call in a doctor in that time, as these vegetable purgative Pills, in doses of from seven to ten, have cured me of Colds, Dyspepsia, Constipation, Rheumatism and Bilious Derangements. Some months ago they saved my life. I was taken very dizzy, great fullness of the head. I fell near my door-steps and was carried into my house; my wife gave me ten BRANDRETH'S PILLS and put my feet in hot water, as a violent chill came on. I lay unconscious for some hours, when the Pills acted powerfully as an emetic and purgative; I felt better almost immediately. I took some hot water flavored with peppermint and soon fell asleep; I woke up next day weak but well. I continued for three days to take five Pills on retiring, and have been in vigorous health ever since. The green bile I vomited and the dark evacuations showed I was in great danger, but was happily saved by BRANDRETH'S PILLS—the poor man's medicine and blessing.

Brandreth's Pills Cure Dizziness and Skin Disease.

CRETE, HILL Co., ILL., March 20th, 1882.

I HAVE been using BRANDRETH'S PILLS more or less for forty years, and I am glad to find they are just as good now as when I took them in 1840. I have been troubled with Dizziness and also a bad Skin Disease, which was so painful that I could not sleep. By taking from five to seven pills every night for three weeks I was completely cured.

Brandreth's Pills are used the World over.

Letter from Dr. Serre.

18 WEST 35TH STREET, NEW YORK, June 1st, 1883.

I HAVE been a sufferer in the past with Malaria, which finally became Chills and Fever. Treatment by my physician failed to help me. I used BRANDRETH'S PILLS and was cured. Thirteen months have elapsed since then and I have had no recurrence. Other members of my family used them for the same trouble, with the same good result.

I cheerfully indorse them for that illness, and also as a pleasant laxative or purgative, according to the number taken. They are now a household remedy with me, and I am never without them. I would gladly give the details of the foregoing to any who might choose to call upon me for them.

J. E. SERRE, *Dentist.*

Letter from Senator Jacobs.

SENATE CHAMBER, ALBANY, N. Y., March 31st, 1882.

FOR a long time it has been my habit to use BRANDRETH'S PILLS. In fact I have seldom had occasion to use any other medicine, and it affords me great pleasure to say that for Biliousness, Dyspepsia, and the other ills of the system, to which men in public life are more apt than others to be subject, they are an invaluable remedy.

JOHN C. JACOBS.

Brandreth's Pills Cure Bilious Fever.

ASHTON P. O., SUMTER, S. C., August 4th, 1882.

I INCLOSE \$5, for which please send me BRANDRETH'S PILLS. There is a Bilious Fever raging here at this time, almost as bad as Yellow Fever. Every person who has taken BRANDRETH'S PILLS has been cured immediately.

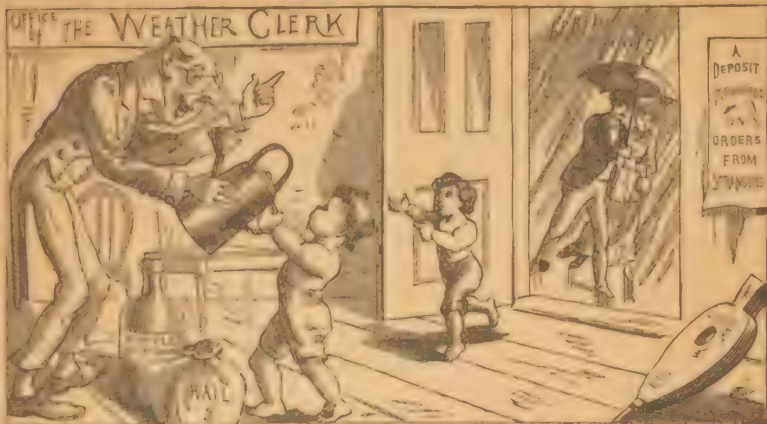

JOHN KIRBY.

Chronic Costiveness Cured by Brandreth's Pills.

BULLY BUENO MILLS, ARIZONA TER., Jan 24th, 1883.

FOR the last two years I have been greatly troubled with Costiveness, often ten or twelve days elapsing without any movement of my bowels. I have tried many remedies, but none with success, until I used your VEGETABLE PILLS—taking three pills and increasing one each night until I took nine, then decreasing one each night. Since then my bowels have continued regular each day, and my headache, sour stomach, and general lassitude have left me, and I feel like another man—which is entirely owing to your pills—and I would not be without them in this new country.

ALLCOCK'S POROUS PLASTERS.

Letter from Senator Pitts.

SENATE CHAMBER, ALBANY, N. Y., January 25th, 1883.

I HAVE, during the past year, when indisposed, used a portion of the medicine received from you, with the most satisfactory results. For Bilious Complaint BRANDRETH'S VEGETABLE PILLS have no superior, and accomplish wonderful results, while ALLCOCK'S POROUS PLASTERS cause one to feel like a new man. You can be counted as a public benefactor, and long may you live to prepare your truly valuable remedies.

EDMUND L. PITTS.

Letter from Senator H. C. Nelson.

SENATE CHAMBER, ALBANY, N. Y., April 4th, 1883.

ON THE 27th of February, 1883, I was taken with a violent Pain in the region of the Kidneys. I suffered such agony that I could hardly stand up. As soon as possible I applied two ALLCOCK'S POROUS PLASTERS, one over each kidney, and laid down. In an hour, to my surprise and delight, the pain had vanished and I was well. I wore the Plasters for a day or two as a precaution, and then removed them. I have been using ALLCOCK'S POROUS PLASTERS in my family for the last ten years, and have always found them the quickest and best external remedy for Colds, Sprains and Rheumatic Affections. From my experience I believe they are the best Plasters in the world.

HENRY C. NELSON.

Letter from Assemblyman Hoag.

ASSEMBLY CHAMBER, ALBANY, N. Y., April 13th, 1883.

DURING my temporary residence here the past winter I contracted a severe Cold, which for a time confined me to my room and rendered me unfit to attend to my duties. I not only suffered all the inconveniences which usually attend a heavy cold, but was afflicted with a tightness in the chest, accompanied with a severe pain, which made breathing difficult and rest impossible. I tried the usual remedies—cough drops, cough cordials, &c., but received no substantial relief until I applied ALLCOCK'S POROUS PLASTERS on my back and chest. These I put on when retiring, and was delighted to find myself much better the next morning. In two days I was well.

This and the experience I have had with ALLCOCK'S POROUS PLASTERS in my family, has convinced me that for Coughs, Colds, Sprains, Bruises, Rheumatism and Local Pains, ALLCOCK'S POROUS PLASTERS are the quickest and most effective remedy extant.

JOHN HOAG.

Allcock's Plasters Challenge Competition.

Original Remedies of well-sustained Reputation.

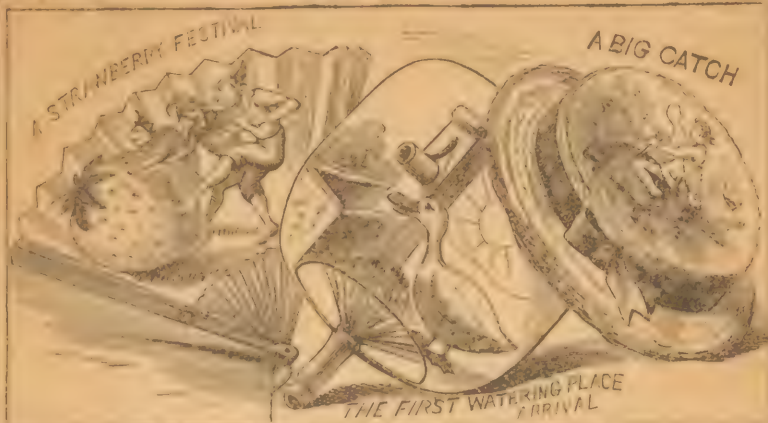

WHEN a discovery of value to the public is made, and is afterwards imitated with a view of profiting by its popularity, it constitutes a form of imitation which seriously affects the popular welfare, and consequently cannot be too carefully kept track of. As an instance, we may refer to ALLCOCK'S POROUS PLASTERS. The wonderful efficacy of these curative preparations, as attested by thousands of testimonials from medical men all over the world, and from sufferers who have been benefited by their use, naturally called into existence imitations intended to be benefited by the enviable record achieved by the original article, and calculated, also, to lower the standard of what has for a long time proved an efficient and valuable remedial agent, and in many ways a blessing to suffering humanity. Thirty years of hearty endorsement by all classes, and a careful maintenance of the purity and excellence of these Plasters, have, however, established them so firmly in the popular favor, that their sales to-day are increasing at a rate which fully proves the public confidence in their efficacy. Together with BRANDRETH'S PILLS, ALLCOCK'S POROUS PLASTERS have become familiar household remedies throughout the civilized world; and the testimony borne by grateful patients and competent independent observers, is sufficient to convince every unprejudiced mind of their great value as remedial agents.

Commanding, through their wondrous business, the services of competent and experienced chemists, and employing only the purest vegetable preparations, and possessing the most elaborate and effective machinery at the Brandreth Works, Sing Sing, N. Y., to secure their proper manufacture, Messrs. B. Brandreth's Sons have shown themselves competent to place the most trustworthy remedies within the reach of all classes at a moderate outlay; and we advise those who believe in the prevention, as well as the cure, of disease, in its most varied forms, by the judicious application of successful medicinal preparations, to obtain the firm's Annual Calendar, and examine the list of testimonials they are enabled to present to their patrons.—*Exchange.*

Opinion of Dr. MOTT, late Government Chemist, on Allcock's Porous Plaster.

MY investigation of ALLCOCK'S POROUS PLASTER shows it to contain *valuable and essential constituents* not present in any other Plaster. These ingredients are so perfectly proportioned, that the ALLCOCK'S POROUS PLASTER will not cause *Blisters* or *Excessive Irritation*, and I find it superior and more efficient than any other Plaster.

Opinions of Leading Medical Men.

19 EAST 32D STREET, NEW YORK, March 15th, 1883.

I HAVE used ALLCOCK'S POROUS PLASTERS in my practice with remarkable success, and found them peculiarly efficacious when applied to the back for Weak Spine and Nervous Exhaustion; they afford almost instant relief in Coughs, Colds and Liver Complaint. I cordially recommend them as the best and safest Plaster ever made, and would caution the public against the numerous other so-called Porous Plasters that are sought to be palmed off on a credulous public; they are worthless and oftentimes dangerous.

ROBERT S. NEWTON, M. D., L. R. C. S.

Lately Chef de Clinique Hospital for Diseases of the Throat and Chest, Medical Officer to the London Hospital, Clinical Ass't Royal London Ophthalmic Hospital, Assistant to the Hospital for Diseases of the Skin, London. Consulting Physician and Surgeon.

108 E. 29TH STREET, NEW YORK, March 24th, 1883.

HAVING seen the good effects of ALLCOCK'S POROUS PLASTERS in those cases that require a local stimulant and anodyne for the relief of pain, I recommend their use in cases of Rheumatism, Sciatica, Neuralgia, Colds, &c.

G. W. BOSKOWITZ, M. D.

PARK AVENUE HOTEL, CORNER 32D ST. AND 4TH AVE.,
NEW YORK, March 3d, 1883.

HAVING seen the good effects derived from the use of ALLCOCK'S POROUS PLASTERS and the VEGETABLE PILLS of BRANDRETH in many Acute and Chronic Diseases, believe that they merit the testimonial and recommendation of the profession.

B. CLARK, M. D.

53 EAST 52D STREET, NEW YORK, March 20th, 1883.

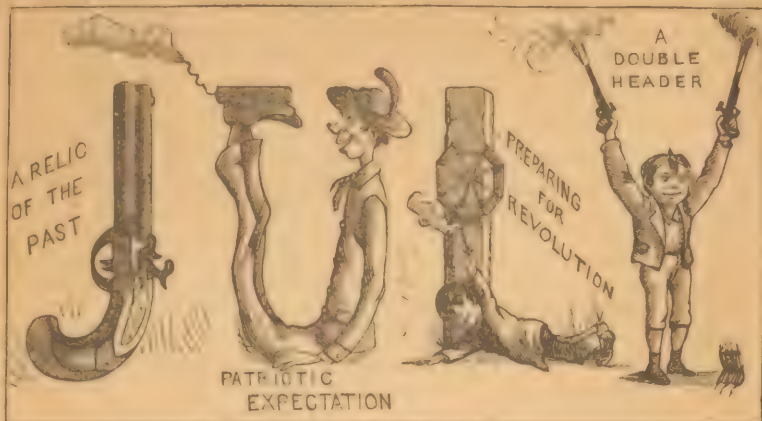

HAVING used ALLCOCK'S POROUS PLASTER as a local application in my practice, I have found it invaluable in alleviating pain, and I cheerfully recommend it as one of the most reliable external remedies now in use.

G. H. BROWN, M. D.

117 CLINTON PLACE, NEW YORK, June 2d, 1883.

IN MANY of those insidious Diseases of the Brain and Spinal Cord, where local stimulation must be obtained, and where liniments, blisters and various applications fail, marked relief from pain can be obtained, and the patient greatly benefited, by placing strips of ALLCOCK'S POROUS PLASTERS over the spinal cord, from base of brain to end of spine. In all cases of Spinal Irritation, Weakness or Nervous Prostration, I cheerfully recommend ALLCOCK'S POROUS PLASTERS.

Opinions of Leading Medical Men.

194 SECOND AVENUE, NEW YORK, April 17th, 1883.

I HAVE had much experience with ALLCOCK'S POROUS PLASTERS and use them freely in my practice. They have performed wonderful cures in Coughs, Pulmonary and Kidney Difficulties.

For Rheumatism I consider them a specific; in Weak Back, Spinal Irritability and Nervous Debility there is nothing so quick and effective as ALLCOCK'S POROUS PLASTERS. For Neuralgia, even in its worst form, that of the heart, I have seen ALLCOCK'S POROUS PLASTERS afford almost instant relief.

For all Female Complaints, one or two ALLCOCK'S POROUS PLASTERS on the small of the back have saved much pain and inconvenience.

ALLCOCK'S POROUS PLASTERS act as nature's assistant, giving all the diseased and defective organs pristine health and perfect regularity. I could cite and relate many instances of magical cures by ALLCOCK'S POROUS PLASTERS, but it is a waste of time, sufficient that as a conscientious physician, with no prejudices, I recommend them as the best external remedy ever invented. They leave no mark on the tenderest skin, and never irritate or cause sores or ulcerations like some of the many imitations of this wonderful remedy.

H. W. DUSZOWSKI, A. M., M. D.

111 EAST 25TH STREET, NEW YORK, June 1st, 1883.

I HAVE used ALLCOCK'S POROUS PLASTERS in the various conditions for the relief of pain in Neuralgia, Rheumatism, Gout, Stitches in the Sides and Chest, Colds settling in the Muscles, &c., always with the happiest results; in fact I would not order any other Plaster so pleased am I with the action of ALLCOCK'S.

EDWARD EVERETT KELSO, M. D.

78 CUMBERLAND STREET, BROOKLYN, N. Y., June 9th, 1883.

I HAVE pleasure in recommending ALLCOCK'S POROUS PLASTERS in all cases of General Debility, especially where the pains are severe over the regions of the Kidneys, Liver and Chest; marked improvement occurs soon as relief from suffering is obtained. For Lumbago these Plasters surpass liniments, &c.

GEO. W. TOMPKINS, M. D.

1 LIVINGSTON PLACE, NEW YORK, March, 30th, 1883.

HAVING used ALLCOCK'S POROUS PLASTERS in my practice, I cheerfully advise their use in all cases of Pain and Local Irritation. I have found no others capable of taking their place.

Opinions of Leading Medical Men.

1 LIVINGSTON PLACE, NEW YORK, June 5th, 1883.

AFTER trying all of the recently introduced Plasters, I have abandoned them all as being too irritating when applied to a painful surface. None of them equal ALLCOCK'S. An efficient Plaster should relieve by absorption, not by irritation; therefore capsicum and like drugs fail and prove harmful.

ROBERT S. NEWTON, M. D.

100 WEST 49TH STREET, NEW YORK, June 6th, 1883.

HAVING in the course of a large practice extensively used ALLCOCK'S POROUS PLASTERS in the various diseases and conditions of the lungs and pleura, and always with success, I recommend their use in that most aggravating disease, Summer Catarrh or Hay Fever; strips of Plaster applied over the throat and chest will afford great relief from the choking, tickling in the throat, wheezing, shortness of breath and pains in the chest.

B. McCORMICK, M. D.

Letter from a Female Physician.

194 SECOND AVENUE, NEW YORK, May 1st, 1883.

My specialty is diseases of women and children. I like ALLCOCK'S POROUS PLASTERS because they are so quick and efficient, and never irritate or mark the tenderest skin. I have found them most useful in my practice, and they are certainly the best Plasters now made. To illustrate: my son of ten years of age took a bad Cold and coughed incessantly; no medicine would relieve him; after some twelve hours I applied an ALLCOCK'S POROUS PLASTER to his throat and upper chest. The Cough ceased entirely in an hour, and the next day the boy was well.

I told the case to a gentleman who suffered in the same way, he, too, was cured in twenty-four hours of his Cough by ALLCOCK'S POROUS PLASTERS. Another patient suffered from Pain in the small of the back—ALLCOCK'S POROUS PLASTER was applied at night and next morning the pain had ceased. Again, a young lady suffering from Neuralgic Pains around the heart, by my advice used ALLCOCK'S POROUS PLASTERS, and was entirely cured in three days. Finally, a lady came to me with Cold Feet, which constantly recurred night and day—this sometimes is a symptom of Uterine Congestion—I applied an ALLCOCK'S POROUS PLASTER to the sole of each foot, and her feet got and continued warm. She wore the Plasters over a week.

Thus I have recently tried ALLCOCK'S POROUS PLASTERS from the soles of the feet to the throat, and take great pleasure in bearing witness to their remarkable curative power.

Cure of Asthma and Spinal Weakness.

239 WEST 22D STREET, NEW YORK, May 17th, 1883.

THOUGH it may be irregular for a physician to give a certificate in favor of a proprietary medicine, still, in the cause of humanity, I venture to say a word in favor of ALLCOCK'S POROUS PLASTERS, which I esteem the most remarkable external remedy of this century.

I have known these Plasters to cure Spinal Weakness where the patient had been confined for months to his bed. A blacksmith of my acquaintance was severely injured in the back by the kick of a horse; four ALLCOCK'S POROUS PLASTERS quickly relieved him of excruciating agony and cured him in a week. Another patient, suffering with Neuralgia of the Heart, was completely cured in four hours.

In Asthma, I know of a case where they were worn for three months and fully restored the health. In another case where a patient had Sporadic Cholera, nothing relieved him until he put on three ALLCOCK'S POROUS PLASTERS; in twelve hours all pains in his chest and stomach disappeared. I know that these Plasters, applied on the pit of the stomach, are a sovereign remedy for Dyspepsia and Constipation.

Finally, if persons once use ALLCOCK'S POROUS PLASTERS they will never use any other; they are so pleasant, quick and painless—nature's balmy assistant.

H. C. VAN NORMAN, M. D.

669 NINTH AVENUE, NEW YORK, March 19th, 1883.

HAVING used ALLCOCK'S POROUS PLASTERS in a number of cases with excellent results, I take pleasure in indorsing their worth.

MAX AUGSBURGER, M. D.

Relieve Debility and Nervousness.

ALLCOCK'S POROUS PLASTERS, worn on the back in the region of the kidneys, warm the spinal marrow, which is a continuation of the brain, imparting new vitality and power to the spine; they strengthen that mighty organ and fill it full of foreign electricity or nervous fluid. Thus they will restore to the busy, active brain of man or woman, the energy and ability which has been lost by disease, worry or overwork. They restore vitality where there has been debility and nervousness, and prevent loss of memory and paralysis. Physicians highly recommend them for nervous debility, whether arising from dissipation or overwork. They are now known to be the great regenerators of the nervous system and are invaluable in all cases of hysteria.

They will always relieve pain in a few minutes and perform an absolute cure in a short time.

Wonderful Results from the use of Brandreth's Pills and Allcock's Porous Plasters, in case of Ovarian Tumor and Paralysis.

EAST WASHINGTON LANE,
GERMANTOWN, PA., August 19th, 1883.

I HAVE long felt it my duty to write you a letter—a duty I owe to the public also—to show you what a wonderful cure your PILLS have effected, assisted by ALLCOCK'S POROUS PLASTER; these two articles I first heard of by reading your Calendar of 1878.

In 1876 I had an operation performed by Dr. Atlee, of our city, now deceased, of an Ovarian Tumor, weighing thirteen pounds. Was married in 1868, had three children, and in November, 1878, my husband died. In December I felt my old complaint returning, when I called in my Doctor, who said I was not mistaken, and that I had another Tumor. An operation was suggested, but I said "No! not now, when I have three children dependent upon me!" so I applied an ALLCOCK'S POROUS PLASTER on the parts where the incision had been made at the operation, which had taken the form of a Rupture, thereby finding such relief as to wear them constantly; nor do I think I shall ever give up wearing them, as they seem to strengthen me and take the place of a bandage. I had during this time taken muriate of ammonia, but did not find myself decreasing in size, nor was I entirely free from pain, so I determined last October to effect a cure, if possible, by taking BRANDRETH'S PILLS, *four* at bed-time and *two* in the morning, for a week, then resting a few days, and continuing again with the same number of Pills. The change was so perceptible, that when I had occasion to call in my Doctor in January, for the children, he asked me what I had taken; I told him, and upon examination found scarcely any signs of a tumor, and am happy to say he acknowledged their good effect upon another lady patient.

On Sunday, the 12th inst., my mother had a stroke of Paralysis, thereby losing the use of the left arm and leg, when suddenly, on Thursday, I thought of ALLCOCK'S POROUS PLASTER. I applied one to both parts, and am happy to say, Saturday eve she had a cramp, as she termed it, in the left leg, and to-day I find she can move the left shoulder to the elbow. Do you not think I can have hopes? and if there is any further advice you could give, I shall thankfully receive the same.

MRS. EMILIE V. GRAMM.

EAST WASHINGTON LANE,
GERMANTOWN, PA., September 11th, 1883.

I CONSENT to your publishing my letter in your Calendar. Am also happy to inform you that my dear mother is fast improving, and have again had occasion to recommend your Plasters to a young German girl, who has only been in this country for three months, and suffered severely with Rheumatism in her feet and ankles. I applied them to both parts, and hope to effect a *Cure*, as she has already felt great relief.

MRS. EMILIE V. GRAMM.

Allcock's Porous Plasters Never Fail.

From "The Widows' and Orphans' Relief."

77 MACDOUGAL STREET, NEW YORK, March 9th, 1883.

I DESIRE to add my testimony to the many you have received. We have used ALLCOCK'S POROUS PLASTERS a number of years for the many "ills that flesh is heir to," receiving the needed benefit every time; but that which brought their virtue to the most severe test, was a hurt that my mother received by the Sixth Avenue cars, in May last. She was pushed off backwards by a drunken conductor, and her knee and hip severely wrenched or sprained.

The nerves of the hip and knee were in such a state, and the agony so great, she could not be still a moment. As soon as we could get her home I placed her feet in hot water, but that made her almost wild; I took them from the hot water as soon as possible, and not knowing what else to do, I covered the whole limb from the hip to the foot with ALLCOCK'S POROUS PLASTERS, and the relief was almost instantaneous, and up to this day, all the relief, and the only relief, she can get, is through and by your Plasters. Rheumatic Gout set into one of the large toes, and no one can tell the misery that she suffered. I cut small strips of your POROUS PLASTERS and covered the entire toe, nail and all, and she is entirely cured. It is certain to cure that, if one will only try it, for I have told two other parties that suffered in the same way, and it entirely cured them.

I do not know what we should do without them, for if we have a Cold, or Sore Throat, the first thing is to cover the throat, chest and back with ALLCOCK'S POROUS PLASTERS, and, behold! the soreness and pain is all gone as if by magic.

Last week mother was threatened with Pneumonia; we covered the entire chest and back with your plasters, and in less than an hour the danger was passed, and the pain, heat and tightness all gone.

I often have a severe pain under my right shoulder, caused by liver trouble; by wearing a plaster a little while, the pain ceases.

We have tried many other kinds of Plasters, but never found any to equal ALLCOCK'S.

Relief from Neuralgia.

HASTINGS, MINN., January 3d, 1883.

I am troubled with Neuralgia in the back of my head, neck and spine, but I find that by applying one of your POROUS PLASTERS to the back of my neck and one across the small of my back, I have almost instant relief.

I take pleasure in recommending them to the afflicted, for they have helped me so much.

Letter from Cyrus W. Field, Jr.

8 EAST 56TH STREET, NEW YORK, May 8th, 1883.

SEVERAL times this winter I have suffered from severe Colds on my Lungs. Each time I have applied ALLCOCK'S POROUS PLASTERS, and in every instance I have been quickly relieved by applying one across my chest and one on my back. My friends, through my advice, have tried the experiment and also found it most successful. I feel that I can recommend them most highly to any one who may see fit to try them.

CYRUS W. FIELD, JR.

"Allcock's Porous Plasters Work like Magic."

BAY STATE SHOE AND LEATHER CO.,
SING SING (N. Y.) PRISON, April 14th, 1883.

I FIRST tried ALLCOCK'S POROUS PLASTERS for a heavy Cold on my Chest; I put two Plasters on and they worked like magic, and in three hours I felt better. My chest got very weak at one time from a heavy Cold, I used them, and to-day I have as strong and sound a chest as any man living. About seven years ago I was bothered some with severe Pains about my Heart, at times it troubled me quite a good deal; some told me it was Rheumatism of the Heart; I went for ALLCOCK'S POROUS PLASTER and put it on; wore one until it came off; I put on another and I haven't felt any trouble there for a long time, except I take a heavy Cold and then I put on the Plaster.

I have used them with my children in Colds for seven years. I put Plasters on back and chest, and in a short time they are out playing, all right. Three years ago we were moving some heavy machinery, I got a Stitch in my Back and Side, so bad I could hardly move—it brought on Piles also. I was out of Plaster so I used some liniment, but it did not help me much. I sent next morning and got some ALLCOCK'S POROUS PLASTERS, of which I put two on the small of my back; by next day I felt as though I could lift again, my back felt as strong as ever, and in a few days the Piles left me.

A great many of our workmen have used them for Cuts, Bruises and Lame Back, Colds, &c. They are the best remedy in the world. For Colds I use them on chest and back, and it is sure cure for me.

Cure of Inflammation of the Spine.

WOONSOCKET, R. I., P. O. Box 1067, March 20th, 1882.

I have been using ALLCOCK'S POROUS PLASTERS for Inflammation of the Spine, and they are the only remedy that has helped me. I have been using them for the last two months with the greatest benefit.

LEROY DARLING.

Allcock's Porous Plasters the only Genuine.

ONE of the most remarkable inventions of the present age is ALLCOCK'S POROUS PLASTERS. They are the result of years of chemical study, and only time and experience has brought them to their present perfection. Testimonials are received every day of the wonderful cures of Sprains, Weak Back, Rheumatism, Lumbago, Paralysis and hosts of other diseases. Of course the vast sales and great success of ALLCOCK'S POROUS PLASTERS have caused numerous Plasters to be brought before the public which, being called Porous, would give the world to understand that they are a similar article to the genuine. We would most particularly caution the public against these humbugs. They contain none of the healing gums that are used in ALLCOCK'S, but are simply a combination of lead, red pepper and rubber, and are vaunted in long winded advertisements as an improvement on ALLCOCK'S POROUS PLASTERS. Beware of the hazy and untrue statements and never use any of these so-called porous frauds.

Letter from General John E. Mulford.

23 DEY STREET, NEW YORK, October 8th, 1883.

FOR years past I have used ALLCOCK'S POROUS PLASTERS on my person and in my family, and have found them perfect as an external remedy, quick in their action, giving immediate relief, without blistering the skin, and far superior to all others. No family should be without ALLCOCK'S POROUS PLASTERS; their healing powers are wonderful, and their efficacy far reaching and lasting. When in Washington last winter I was induced to try another much advertised plaster for severe pain in my back. No relief from the pain, but a sore and blistered back for a week, was the result. So soon as the blisters healed I applied two of Allcock's Porous Plasters and they gave me immediate and permanent relief. They give additional strength and vitality to the spinal column, and they are a never failing remedy in my family for Coughs, Colds, Sprains, and all Pains and Weaknesses. Their use has repeatedly saved me from Pneumonia. I constantly use them and would not be without them for any consideration.

JOHN E. MULFORD.

Allcock's Porous Plasters Cure Bruised Back.

ELKHART, IND., November 20th, 1882.

I nearly broke my back by falling from a building. I could neither eat nor sleep nor walk on account of the pain. A friend who had been cured of a Lame Back by ALLCOCK'S POROUS PLASTERS made me put on two. The first night I felt better. The second night I rested easy, and by the time I had used six, which was in three weeks, I was completely cured.

JOSEPH P. SPRATTS.

Allcock's Porous Plasters are Unexcelled.

Saved from a Terrible Illness.

OYSTER BAY, QUEENS CO., N. Y., April 11th, 1883.

I BELIEVE I have been saved from a terrible illness by ALLCOCK'S POROUS PLASTERS. About a month ago I was attacked with a violent Pain in my Chest, accompanied by Fever and great Difficulty in Breathing. I apprehended Pneumonia, which is so prevalent at present; I went to bed and applied one ALLCOCK'S POROUS PLASTER between my shoulder-blades and two on my chest. In an hour my breathing was much easier, in two hours the pain had left me, and the next morning I awoke perfectly free from fever. I went about my business as usual, and at the end of a week took the Plasters off.

For the last ten years ALLCOCK'S POROUS PLASTERS have been used by my family with the best effect in Colds, Coughs, Pain in the Side and Back.

E. B. SHERWOOD

Relief in Rheumatism of Twenty Years' Standing.

436 EAST 88TH STREET, NEW YORK, Sept. 22d, 1883.

I AM now sixty years of age and for the past twenty years have been a constant sufferer from Rheumatism. All my joints have become very much enlarged, and at times in the past the pain was almost insufferable. I obtained no relief until I tried ALLCOCK'S POROUS PLASTERS. I am now never without them, and though the disease has passed beyond man's power, while I have on these Plasters I am without pain. They are indeed a blessing and make my old age comfortable.

MRS. JANE CARPENTER.

Cure of Weak Back.

BLACK HAWK, GILPIN CO., COL., Oct. 17th, 1882.

I HAVE been greatly troubled with Weakness and Pains in the Back, and I could get no relief until I applied ALLCOCK'S POROUS PLASTERS. They completely cured me in a month.

JOHN LOWRIE.

Allcock's Porous Plasters Cure Colds.

NEW BEDFORD, MASS., March 17th, 1882.

I HAVE used ALLCOCK'S POROUS PLASTERS in my family for the last twenty years. They cured my children almost immediately of Whooping Cough, and they break up a Cold in two days without fail. We feel as if we could not do without them.

WM. HESTERD.

Beware of other so-called Porous Plasters.

Of Great Value to Vocalists.

UNIONVILLE, WESTCHESTER CO., N. Y., August 20th, 1882.

I HAD carelessly exposed myself and sustained a very severe and tight Cold on my Chest and in my Throat. I procured ALLCOCK'S POROUS PLASTERS and applied one on the chest, well up on the throat, and relief came readily; the soreness of my chest was removed, and my vocal organs were kept clear the entire past winter, enabling me to fulfill public engagements in different parts of this country.

No more may be said than that ALLCOCK'S POROUS PLASTERS, if applied by afflicted vocalists, will greatly assist their vocal rendition in public.

B. FRANKLIN CHURCH.

Other so-called Porous Plasters Utterly Useless.

730 GREENWICH STREET, NEW YORK, May 15th, 1882.

I TAKE great pleasure in adding my testimony to the good qualities of ALLCOCK'S POROUS PLASTERS. During the winter months of the last six years I have worn one on my chest and one between my shoulders, and derived great benefit from them.

Last autumn I was induced by my druggist to try other so-called Porous Plasters, but I found them utterly useless. My advice is to use ALLCOCK'S POROUS PLASTERS, as they are the best external remedy the world over saw.

CHAS. B. KING.

The Best Pain Curers ever Invented.

FORESTVILLE, CALIFORNIA, August 26th, 1882.

JUST received your two dozen ALLCOCK'S POROUS PLASTERS. There is nothing in the shape of medicine or external remedies that has relieved me of suffering like ALLCOCK'S WONDERFUL PLASTERS. I ought to know, as in the last fifteen years I have used over two hundred ALLCOCK'S POROUS PLASTERS on my own person.

I have tried many other Plasters. None are half so effective as ALLCOCK'S, and many of these other Plasters are absolutely worthless.

I cannot praise ALLCOCK'S POROUS PLASTERS enough. They have done me so much good in Pains of my Back and Kidneys, Coughs, Colds, and, above all, cured me of Costiveness and Dyspepsia, by wearing two plasters just below the breast bone.

My gratitude I cannot sufficiently express for your pain-relieving Plasters. I have known hundreds to use them and all say the same thing—the best pain curers and best remedy ever invented.

WM. WALLACE BEARD.

Be sure to ask for "Allcock's" Porous Plasters.

Letter from the well-known Auctioneer Thos. Mathews.

116 & 118 EAST 14TH STREET, NEW YORK, May 18th, 1883.

I HAVE been troubled with an Irritation of the Throat and a Cough for some time. I am also a martyr to Dyspepsia. By the advice of a very learned physician I applied two ALLCOCK'S POROUS PLASTERS to my chest, and one on the pit of my stomach. In three days my Cough was cured and my Throat was well. I have now worn the Plasters two weeks and my appetite and digestion have much improved. I am confident that in another week my Dyspepsia will be entirely removed. I have never used *so pleasant and agreeable a remedy* in my life.

THOS. MATHEWS.

Ex-Speaker James W. Husted makes a few Remarks.

"You did not go to Florida for your Cough and Cold, as you proposed?"

"No! I found the necessary ozone and pine aroma in ALLCOCK'S POROUS PLASTERS—two on my back and one on my chest. I was quickly cured, they proved a perfect shield against Pneumonia. These Plasters also cured my son of Rheumatism in the shoulder, which for months defied medical skill. I have found them very quick to cure and absolutely painless. In bruises no external remedy can be more effective."

Letter from J. Malcolm Smith, Westchester County Clerk for Nine Years.

WHITE PLAINS, N. Y., May 7th, 1883.

I HAVE for many years been troubled at times with Muscular Rheumatism and Pleuritic Pains, and have always found ALLCOCK'S POROUS PLASTERS to be quick and efficient in affording relief.

In December last I had an attack of Pneumonia, which left one of my lungs in a weak and extremely sensitive condition, accompanied at times with severe pain. The application of one plaster relieved the pain in a short time, and I have worn one almost constantly since, as a protection to the weakened lung.

I have used ALLCOCK'S POROUS PLASTERS for myself and family for over twenty-five years, always with speedy beneficial results, and I do not hesitate to recommend them for their mild counter-irritant qualities, and for their efficiency in relieving Soreness of the Lungs and Pains of a Rheumatic or Neuralgic Character.

ECLIPSES IN 1884.

In the year 1884 there will be five Eclipses, three of the Sun, and two of the Moon.

I. A Partial Eclipse of the Sun, on the

morning of March 27, invisible on the American continent.

II. A Total Eclipse of the Moon, on the morning of April 10, visible throughout the United States.

At Washington, D. C.,

	H. M.
Eclipse begins, April 10	4 44 morn.
Total Eclipse begins	5 52 morn.
Middle of Eclipse	6 38 morn.
Total Eclipse ends	7 25 morn.
Eclipse Ends.....	8 33 morn.

Any one may find the times of the phases of an Eclipse of the Moon by this rule: If he is in west longitude from Washington, subtract the difference of longitude, expressed in time—four minutes for each degree—from the times of the phases given for Washington. But if he is in east longitude from Washington, add the difference of longitude, expressed in time.

III. A Partial Eclipse of the Sun, on April 25, invisible in North America.

IV. A Total Eclipse of the Moon on the evening of October 4, visible in Europe, Asia, Africa, and the Atlantic Ocean; and later phases visible in the eastern part of America, *i. e.*, those places where the Moon rises before the end of the Eclipse.

At Washington, D. C.,

	H. M.
Eclipse begins, October 4.....	3 7 eve.
Total Eclipse begins.....	4 7 eve.
Middle of Eclipse.....	4 54 eve.
Total Eclipse ends.....	5 41 eve.
Eclipse ends	6 41 eve.
Moon rises at Washington.....	5 36 eve.

For other places the rule under Eclipse II applies.

V. A Partial Eclipse of the Sun on October 18, the earlier, and in some places the middle phases, being visible in the western part of the United States, near the Pacific coast.

To be Remembered.

That the ONLY GENUINE Porous
Plaster is

“ALLCOCK’S.”

Tested for many years they are now
heartily endorsed by the leading
Medical Men in the country.

Their Great Sale has caused many

IMITATIONS

to spring up, which are advertised as
“the best porous plasters,” or as con-
taining superior ingredients. All these
are humbugs and Imitations.

Ask for “Allcock’s,”
And take no other.
